

! WARNING !

Beware of illegal jobs/frauds

Beware! The following acts are considered to be CRIMES!

DO NOT believe these words; “This is an easy job,” “Just receive the package,” etc. Beware of ads for illegal jobs.

Illegal Deliveries

DO NOT receive parcels and forward them to the designated address for a monetary reward. The parcels could be merchandise obtained through frauds.

Illegal Trade of Bank Accounts/Mobile Phones

DO NOT buy or sell your cash cards and bank accounts. DO NOT sell your mobile phone to criminals. DO NOT open an account/buy a mobile phone under your name and sell them to others.

Withdrawing Money Using Someone Else's Cash Card

DO NOT accept jobs that entail withdrawing cash with bank cards that are not your own. That means you are about to play a role as a “cash drawer” for fraudsters!

DO NOT be deceived! Avoid frauds!

Protect your identity from theft. Think twice before providing your personal information to others. DO NOT easily submit a scanned image of your ID cards (Residence card/Student card/Health insurance card).

Fake Online Shopping Scams

Fraudsters create online shopping websites that have a similar look and feel to genuine retailers. If you order items at these sites, you won't receive the parcels, and your credit card information could be used for crimes.

Fake Survey Scams

Fraudsters create fake surveys. They steal your personal/credit card information with criminal intention.
